Doug's thoughts about this volunteer job.

What does Town want in a Marshall?---Will he look back his---  
What about false arrests---Some towns are not looking  
their Marshall--- Doug would need \_\_\_\_\_ would need  
volunteers also until money available.---Would there  
be someone available to be Town Marshall?---

Information by Sheriff and Deputy --- Sheriff's office  
requires an eight week course herein with Sheriff's  
office. One night a week three hour a night. All Deputies  
should go through and qualify at Shooting Range and get it  
in their record that they did go through the training.

Max Mason can set up the agreement if Doug accepts  
also he can set up Reserves find out what is legal.

Jack & Buck:

Yesterday, Ray called about two things:

1) He thought he had followed Jack's instructions (relayed through Janice) to install larger, brighter stop signs;

2) He said he would help with the stray dog problem if you or Kiecker wanted him to.

I told him I would relay his message to you for tonight's meeting.

Was told that we did not have any signs so we ordered three (3) that happened to be larger.
