**Total This Proposal \$2,806.88**

Dallmann Systems to install a burglary system that will have the ability to have three different areas armed and disarmed at different times. You will have the front water co. office space, the town board conference room and the garage all part of the same unit. Customer will need to provide a conduit connection between the two bldgs.

Scope of work:  
 Place one keypad in the front entrance of the water co., one in the rear and one in the garage.  
 Put the burg. panel in the closet of the water co. along with a 66 block. (Owners to supply 110V)  
 Wire in three motions in the bldg., one in the front entry, one in the side office and one in the back conference room.  
 Run cat5 25pr from panel to garage landing 66 block at both ends.  
 Run wire and land contacts in garage on overhead doors and man door.  
 Mount siren in both bldgs.

Monitoring for this system is \$18.00 a month for 36 months.
