Utility Business:

Water Utility

Superintendent Audi Findley sent his monthly report to the council before the meeting and there were no questions. The leaks adjustments were accepted. There appears to be water loss of about 11 percent.

Fund Management:

Baker Tilly CPA firm will be presenting a draft on September 13 for financial audit and long term planning recommendation. The actual report will be released on September 20, 2021.

Swif Grant:

Superintendent Findley has submitted the grant application and should receive response by September 17.

The council requested Superintendent Findley attend the Floyd County Council special utility funding meeting.

Superintendent Findley reported equipment from PCorr to track leaks, the grid monitor has been received. The portable Hydroflux HL 7000 for electroacoustic leak detection has been ordered and should be arriving within a month or two.

Covid 19 exposure: Superintendent Findley requested a policy for office closure due to the health pandemic. Upon the discussion the council decided that if the exposure level hits red the office will be closed for at least 30 days and re-accessed on a monthly bases. This will be added to the standard SOPs for any additional activity.

Time Keeper workstation: The computer has been ordered and awaiting arrival. The server has been moved to a secure location and mounted.

Heritage Springs Waste Treatment Plant:

HMB – Sewer expansion study: Phase I planning has begun and will be available in about 90 days. The council has become aware of Floyd County completing a county-wide study and will ask to be included in this process.

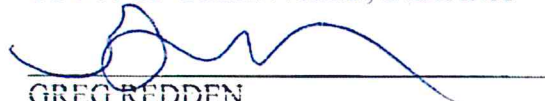

A resident on Parkland Heights asked about plans to expand existing sewer system from Heritage Springs. The council noted that Phase I planning is the first step with additional input from residents always being helpful.
